Product Description

Comfort Gelb Hard Occlusal Splint Acrylic Resin for Nighttime Teeth Grinding in Vibrant Colors

Product Description:

The Gelb Hard Occlusal Splint is customized to fit the unique shape and size of each patient's teeth and jaws. It is an effective solution for patients who suffer from bruxism, TMJ disorders, or other dental conditions that cause teeth grinding and clenching.

The Gelb Hard Occlusal Splint is easy to clean and maintain. The recommended cleaning method is brushing the splint with toothpaste and water. This ensures that the splint remains free of bacteria and other harmful microorganisms that can cause dental problems.

The Gelb Hard Occlusal Splint is a high-quality product that is designed to provide long-lasting protection and comfort. It is a durable appliance that can withstand the wear and tear of regular use.

Overall, the Gelb Hard Occlusal Splint is a reliable and effective dental appliance that can help patients to manage their teeth grinding and clenching problems. It is a must-have product for anyone who wants to protect their teeth and jaws from the harmful effects of these dental conditions. So, if you are looking for a dependable and long-lasting solution for your bruxism or TMJ disorder, the Gelb Hard Occlusal Splint is the perfect product for you!

Features:
